

Focusing on 5 Key Areas

- Finance
- Health
- Cooking & Food Hygiene
- Household
- Personal development

AQA Unit Award Scheme

Teaching Young People Core Life Skills in preparation for Independence.

“By working through the AQA worksheets I was able to recognise what I was able to do, rather than focusing on what I couldn’t”

Support Your Young Person

Often the team around the Young Person is aware of their need to learn vital independence skills, the AQA Units and supporting worksheets give them a clear understanding of where to start.

Where to Start?

Hampshire Fostering Network (HFN) have created worksheets to run jointly with each AQA unit.

These are free to download directly from the Hampshire Fostering Network Website

www.hfnyourvoice.org

The Young Person is able to complete as many AQA Units & worksheets as they would like and feel they need.

By using the supporting worksheets the learning outcomes become clear and achievable.

Learning is flexible, with no fixed deadlines.

Certificate of Achievement

Register your Young person to receive their unique AQA Student Number

Submit their AQA Unit worksheets and accompanying evidence for assessment

Once the work is signed off by an official AQA Assessor a Unit Award Statement Certificate is issued. The UAS Certificate lists all the outcomes the student has achieved.

Free Service

A free service for Hampshire Looked After Children.

Funded by Hampshire County Council. Coordinated by Hampshire Fostering Network in partnership with Virtual Schools.

Support for Carers

With an established Core Group of Foster Carers available to support you, you'll feel confident in helping your Young Person complete each AQA Unit to the best of their ability.

Access support & advice via

- HFN Website
- HFN Facebook Page (HCC Fosters Only)
- Telephone

Download the AQA Unit Worksheets directly from

Hampshire Fostering Network Website
